Have you ever stopped to think what the Seniors will be doing ten to twenty years from now? This section will give you some idea.

It is now the year 1976, and we have just visited Reverend David Edinfield at his beautiful church in Washington, D.C. He was holding a special ceremony for the President and his family.

Miss Aleace Goff has done it again! Since she's become president of the Brazier Association, she has opened up a new association throughout Europe and China.

We are proud to announce that Miss Sharon Tillman has just finished nursing school and will continue her career in the Walter Reid Hospital.

Have you heard about J.A. Norris' latest hit record and it was a million seller. Maybe you have heard it, "Meet You at the Space Station"

Our Lyons Roar reporter has just given us a news flash that Dr. David Mobley, husband of our darling Joan Wilkes, has won the Nobel Prize again.

The former Kathleen Jarriel, wife of Auxilliary Machinist Mate, Tommy Page, is proud to announce the birth of a lovely daughter.

We saw the old bachelor Ronnie Blaxton touring the night spots of New York City! Reckon he'll never settle down.

The latest tab we have on Albert Akins, is that he has brought another 20,000 acre farm. He is really prospering in his old age.

Have you seen Benny Anderson's latest movie, it was simply hilarious. In fact, it is being nominated for an academy award.

Lou Ann and Robert Cubberson were seen going to New Branch State. Since Robert has become principal and Lou Ann (Lanier) star teacher, they've really made that school known.

Chris Matheson, once the care-free lover of L.H.S., has become the world's greatest marriage counselor.

John Todd has just presented his new fall fashions for Christian Dior and as usual his lovely wife, Betty George, will be the model.

Phillip Odom, the wonderful mountaineir, has just established a new resort in Switzerland. We hear he and Howard Johnson are having quarrels over who is making the most money.

Carol Talley, the famous registered nurse, has become the wife of that handsome neuro-surgeon Ben Casey.

We saw Mrs. Doyle Thompson, the former Gwen Osborne, having lunch with the famous Archie O'Hara Toler. As you all know he is the head of the Royal Typewriter Association.

We all remember Dorothy Nell Brantley, well you'll never believe it, but she has just opened another speed way in Europe. This makes her 35th!

Suzan Smith has been attending Brewton Parker College and several others, for the past ten or twelve years. Guess she'll graduate when boys graduate!!

Henry Griffen has finally made the top because Henry Mancini has asked him to join his orchestra as the top trombone player.

Carson Kersey has told us that he performed the wedding ceremony for Chip Matherson and his beautiful bride Peggy Davis. We hear it was one of the loveliest weddings in Hollywood.

We were touring through Chicago the other day and whom should we meet, but the Wilkes'. That Larry and Cherry and their two adorable children.

Don Carter has jsut announced that he has discovered a new drug for moon virus, which has become very common.

It looks as if work in Florida paid off for Betty Carol Mimbs because we hear she's finally going to be married.

It seems as if Dwayne Dykes' premier of "Caesar of Mar" was a big success. Wouldn't be surprised if he didn't get best actor of the year. Marilyn Smith has now graduated from business school and she is now working for U.S. Steel corporation. Someone said she was engaged too! You'll never guess what our reporter heard today; that Larry Wooten was going into the foreign car business. Unbelievable!! We hear that George Warren is really becoming a well known architect across the country. His work is very outstanding and praised by all.

We are proud to announce that one of our on home town girls, Evelle Gibbs, is now one of the leading ladies of our nation. In fact she is going to marry the Senator on New York.

Sue Warren, one of the debutantes of the season, is holding her "coming out ball", September 9, 1976. It is supposed to be one of the top events on the special agenda this year.

We have just received a letter from Mr. Cecil Garrett, inviting us to the opening of his new branch of stores, "Garrett Exclusive". These chain stores run from Maine to Miami!

We won't to congratulate Nancy Wright, now Mrs. Buddy Downy, who has been named Mrs. Homemaker of Georgia.

We also want to congratulate Miss Carol William, who has been named the Dean of Women at Berry College in Rome, Georgia.

Here we stand at the art gallery where the world famous Mrs. Karen (Jarriel) Wilson has just won the Pulitzer Prize in her outstanding Masterpiece. Looking on with pride is her husband Mayor Gary Wilson and their eight adorable children.

We are now at the Yankee Baseball Stadium, sitting to our immediate right is Mrs. Latrelle(Jarriel)Cook, patiently waiting for her husband Mercer to pitch another no-hitter.

Here sits Jacqueline (Padgette) Beard in the famous Beverly Hills Studio, awaiting her husband Bill Beard who has just received an Academy Award for the best actor of theyear.

Mrs. Joyce Lariscey Kirkland and her husband, Henry, and their two children (Clay and Melisa) are just returning from Garden City, New York to their home in Savannah, Georgia. While they were away they visited with Jimmy and Linda Rohde who live in Garden City.

Johnny Griggers and his wife Pat are now living in a beautiful home in Oak Park, Georgia. Johnny is a very outstanding mechanic for the Oak Park International Speedway, where the Southern "500" is held annually.

Doris Daniels is now officially and legally Mrs. Jerry Barrow and is a very efficient housewife and wonderful mother. The Barrows live in Vidalia, Georgia and Mr. Barrow is the owner of the Globe Manufacturing company.

Lorine McNair is about to crown the new "Miss Universe" of 1978. Lorine had a very joyous and exciting reign the previous year.

Mary Jo Jackson is top secretary for the Federal Bureau of Investigation in San Francisco, California.

Do you remember when Larry Thompson graduated twelve years ago, he said he was going to work for the Diamond Construction Company. He must really been a great success because now he is vice-president of that huge company.

We also remembered that David Thigpen said he was going to do little as possible, just so he got by, and that he is doing. He seems to be "getting by" pretty well, because he has a new "Grand Prix", every year. Some people are just lucky.

It seems as if Wayne Pittman's role as "Pinkey" in the Senior play paid off, because he has been asked to co-star with that ravishing beauty Hayley Mills in a very dramatic love story.

Cont'd

We all remember Roger Pruitt and how smart he was in school; well he has become head of the history department at the University of Georgia.

Betty Hall was seen today with her fiance, Benny Bearden. They were going for a boat ride on her new yacht that she had received for her birthday.

Guess what? Yep! I ran into Patricia Halligan. She is now married to Jimmy Bazemore, and has four sets of twins.

We can now see why Carol Kight took advanced biology 10 years ago in high school. She is now working with Dr. Kildare as his assistant.

Tommy Proctor made his millions when he starred with Jayne Mansfield.

We saw Mr. and Mrs. Todd Jarriel with their six kids going fishing. They surely do love the outdoors. Mrs. Jarriel is the former Janette Findley.

The Lyons High School Band went to Jacksonville this year and whom should they see but Bill and Grace Harden. They said they just loved that Florida sun.
