CHRISTMAS

As we once again celebrate the wonderful Christmas season, we look forward to the happiness it brings. But have we, as supposedly modernized Americans, forgotten to seek the old and precious values of Christmas? People have now set such a fast pace of living, we have little or no spare time. It is a rush-rush affair. There is so much to do, so many places to go, gifts to buy and parties to attend. If only we could slow down long enough to realize that the true meaning of Christmas is not found in the gaiety of bright lights, loud music and social drinks, but in the contentment of one's heart. Christmas is a time for joy, but so many "modern" Americans have not yet realized the meaning of the peacefulness of being close to loved ones, the smile on a child's face, the sincere attentiveness given when the Christmas Story is read, the "Merry Christmas" kiss a wife and husband share, and the serene quietness of a special Christmas prayer. Yes, the birthday of Christ brings joy to everyone. A decorated tree and the visit of Santa Claus on Christmas Eve night adds excitement for the children, not to mention what Mom and Dad have to go through with to make this possible. It's "early to bed and early to rise" for these little ones. But what a joy it is to see the expressions on their faces Christmas morning!

It is more blessed to give than to receive. Many Americans have been misled about this statement. Christmas is a time for exchanging gifts, but this does not always mean one must give material things. To give of your time and ability would mean as much or more than to give a gift that can be bought or wrapped by someone else.

Will we fail again this year and miss the true values of Christmas by not placing Christ first? If we place Him first, a most joyous and peaceful Christmas will follow.

THE TREE IN THE EYES OF CHILDREN

The sweetest way to see a Christmas tree is reflected in the eyes of a child. The frosty, sparkling evergreen carries a special message to the young.

In fact, that's why Martin Luther started it all back in 1535 --when he cut and decorated the first Christmas tree. He wanted to dramatize for his children the awe-inspiring glory of Christmas.

When Prince Albert carried the Christmas tree custom from Germany to Windsor Castle in 1841, he did it because he knew the children would love it.

Ten years later, when a Cleveland minister put up a first tree in America, he was accused of sacrilege and idolatry. But a child saw it right: "Mother," he whispered, "the pastor's got a tree from Heaven!"

WHY DO WE KISS UNDER MISTLETOE

Hold a buttercup under your chin, and if it reflects yellow you like butter. Sounds logical. Pull the petals from a daisy, and tell whether he loves you or not. Seems as good a way as any to find out. But why do we kiss people under mistletoe?

It all started, the story says, with a Scandinavian goddess called Frigga (like Venus). Her son Balder (like Apollo) was shot with an arrow made of mistletoe. While Frigga's Friends (other gods) conjured up powers to save

the boy, his mother cried tears that became the white berries on the mistletoe.

Frigger's friends succeeded; Balder lived anew. And Frigger ordered that the mistletoe should never again be used to harm. Instead, she made it a symbol of love by kissing anyone and everyone who passed under it.

If you ever REALLY needed an excuse, there's one for you.

TRI-HI-Y

The Lyons High School Tri-Hi-Y met last Wednesday, December 9, 1964, in Mrs. Aaron's room. The meeting was called to order by President Elaine Wright. The opening ritual was held in which the meaning and purpose of the club was stated. American Heritage was the theme of this month's program. It was very well carried out by Brenda Helms and various other club members quoting famous men such as Patrick Henry and Woodrow Wilson.

After the program, our business was discussed. A deadline was set for December 16 to get in the money for a club pin. Representatives to Youth Assembly must be chosen in a short time so the members who wished to attend were asked to write a short paper on why they wanted to go. Two will be chosen to go. Since no further business the meeting was then adjourned.

For our Thanksgiving project this year several of the members, Mrs. Aaron, Shawnee Merritt, Elaine Wright, Diane Tomlin, Debbie Braziel, Sarah Blaxton, and Linda Griner attended the Bethany Home in Vidalia. Platters of candy and fruit were passed in the wards as the girls gave words of cheer and greeting to the ladies.

Pa--"I think I'll go down-stairs and send Nancy's young man home."

Ma--"Now, Elmer, remember the--- way we used to court."

Pa---"Gosh, I hadn't thought of that. Out he goes!"

The Lyons High School Library Club held its monthly meeting in the library on December 10. Linda Johnson, the president, presided.

Several matters were discussed concerning club activities. The club decided to collect canned food and fruits and fix an attractive Christmas basket to be carried to some friends to brighten their hearts for Christmas. A report was given on addition of books. Forty-eight books have been added through local library funds. Seventy-three of new state order have been received, besides new sets of Compton's and World Book Encyclopedias and World Book Dictionary. Seventy-one books have been added through donations sixty-six of them were given by Dr. and Mrs. B. M. Brown, five were compliments of Representative Elliott Hagan and the U.S. Department of Agriculture. These bring our grand total of library books, which any and all students have the privilege and pleasure to share, to 3880 of which our club is justly proud.

Mrs. Price, our sponsor, invited our members to a Christmas party next Thursday, December 17. The meeting was adjourned.

DCT CLUB

The Lyons High School DCT Club members enjoyed a yule-tide Christmas Party in the Lyons High School Cafeteria, Wednesday evening December 16, 1964. The evening was filled with Christmas music, and fellowship with a large array of orders. The climax of the evening was the Christmas gifts presented for distribution to needy persons by the ministerial association.

We, the DCT members, take this means to wish each student and faculty member a Merry, Merry Christmas and a Happy New Year.

SCIENCE CLUB

The Science Club met with Mr. J. H. Collins last Wednesday, December 9, 1964.

The meeting was called to order by President Sharon Tillman. We had several business matters at hand. One was a committee to work at the concession stand at the next ballgame. The next matter of importance was how many people wanted to order Science Club pins. The meeting was adjourned.

Love is like getting drunk, marriage is like the headache the next morning, and divorce is the aspirin tablet.

BAND

The band attended the third annual Band Day at Athens Stadium October 31. There were 85 other bands from all parts of Georgia participating in this event. We all had a good time and enjoyed the football game.

We have just begun our concert season and have a full schedule ahead. We plan to go to clinic in January, and we have begun work of some Festival music.

Festival is in February.

F.H.A. AND HOME EC GIRLS BAKE
CAKES AS PROJECT

For our project this month we are cooperating with Mrs. Dess Gray in baking cakes for "Boland".

This a project that Toombs Co. has carried on many years in remembering the "Forgotten Men" at Boland Building in Milledgeville. We are supplying about 15 cakes from our club.

In walking by the Home Ec Department, the smell is something that brings every one in to see what is cooking.

F.H.A. NEWS

The Future Home Makers met in the lunchroom for their December meeting. The program was planned around the Christmas theme. Christmas carols were sung and doughnuts and punch were served.

We decided to assist Mrs. Gray with baking cakes.

"She's an angel, Rastus, dat's what she is."

"Boy, you sho is lucky. Mine's still livin'," Rastus muttered sorrowfully.
