Besides these things which we will as a class, we individually and graciously will our personal possessions as follows:

Class Prophecy

Good evening, Ladies and Gentlemen. This is Station WESEE, bringing you this on-the-spot broadcast of the most talked-about event of this season—the first reunion in 10 years for the 1955 graduating class of Lyons High School. The place is just swarming with glamorous, famous people.

Attending this gala affair is Nan Ellen Elkins, who is now Dean of Georgia Teachers College. She is, we might add, doing a fine job.

The former Misses Birdie Anderson, Betty Jean Tomlin and Alla Lee Rauton have all married quite successful men. Birdie has just returned from the Orient where she accompanied her husband, the General, on his inspection tour.

Everyone is telling Patsy Byrd to stop playing around with those hypodermic needles. Seems that since Patsy graduated from Georgia Baptist with a nursing degree, she has become quite careless with her needles.

And here comes Travis Nobles, who has just published another gem in his famous literary style. The book is entitled "How to Crack Jokes." It's his most Ferocious yet.

Just entering the door is the well-known research scientist, Billy Howard, who has discovered a new "wonder drug" consisting of turpentine spiked with anti-freeze.

One of the most important celebrities present is Woodie Savage, Hollywood's current heart-throb. He is accompanied by Loretta Wilkes, his hair stylist. Loretta is wearing a stunning creation by designer Sue Partin. Miss Partin has just returned from Paris where she startled the fashion world with her unusual (?) creations.

Stepping out of their new lavender Cadillac the former Miss Clara Ellis and her millionaire husband. Would you please say a word to our audience? Than-n-k you!

Janice Martin just told me that she has given up kindergarten teaching for something more soothing. She is a lion tamer in a circus owned by oil tycoon, Bobby Findley.

Betty Jane Rushing is distributing free tickets to her piano concert to old classmates. This concert is to take place in Carnegie Hall next month.

Ray Smith, football coach at Georgia Tech, is expected to arrive at the last minute. He called and said that he would be delayed because of an injury received by one of his star players. It seems he strained his eyes looking at Marilyn Monroe.

You all know Buck Cravey, the famous architect. He has just completed the eighth wonder of the world, a building which leans *even more* than the Tower of Pisa.

Ashton Thompson is the mechanic for the new service station here. He has made the station famous for their policy of complete wrecker service. (You bring 'em here, we wreck 'em).

Mattie Lou Turner, Vivian Williamson, Annette Grimes, and Iva Mosely are the proud operators of a public stenographer's bureau. They can do anything (or at least, they will *attempt* it). These girls are well qualified for business, "monkey business," that is!

Eva Ruth Zeigler, basketball coach in a large northern school, is here for a short time. She is on her way to Florida, where her girls are to play Florida's All-Stars.

Pauline Monroe and Ina Pearl Martin just arrived. Of course, they are wearing mink stoles. I'm sure that they were made from minks raised on their *very own* mink ranch.

Jack Pye and Woodrow Powell, who have contributed much to the development of agriculture, are here in formal attire. What a surprise!

Who's this coming now! None other than Jackie Jones, "Mr. Daredevil" himself to all sporting fans. The nurse who is accompanying him is necessary since that last stock car race when "Mr. D." hit the rails. Poor fellow, hasn't been the same since!

Paul Scott, a counselor at a Boy Scout camp, is looking quite tanned and healthy from all the exposure to "sons."

Luther Ganey, a popular TV star is here. It is easy to see why he was chosen to advertise Colgate Dental Cream. He flashes that famous smile as he sweeps past the fans now.

Dr. Billy Clark, plastic surgeon, is arriving now. Most of his clientele is from Sing-Sing. Surely the FBI isn't checking today.

Already inside the high banquet hall is Miss Sylvia Trapnell, the famous Home Economics Professor from the University of Georgia. Her apprentice, Miss Ann James, has helped to prepare the unusual treat for the guests tonight. It's a secret dish developed in their own private kitchen.

Well, ladies and gentlemen, the crowds are still milling around, hoping to catch another glimpse of their favorites. This has been a great, yes sir, a *great* occasion. Time seems to have run out on us now, and we'll have to leave. We have really enjoyed bringing you this on-the-spot report of these exciting moments. This is your announcer returning you to your station.
