*It has been my pleasure to see many of you

cooperative spirit . . .*

JAMES H. COLLINS, Principal

Congratulations to the Senior class of 1967. It has been a real pleasure to work with each of you during the past two years.

Upon entering high school, many of you probably had definite goals in mind as to what you wished to accomplish during your high school career. It has been my pleasure to see many of you attain your goals through hard work and a cooperative spirit with your fellow classmates and your teachers.

Personally, I have enjoyed the many opportunities of knowing and talking with students at Lyons High School. I feel that the human atmosphere on our campus is conducive for finer relationship among our students as we strive to accomplish our many ambitions.

To the Mastiff Staff, I feel sure each of you have learned much in compiling this 1967 annual, and through this learning experience you have provided much enjoyment for all of your classmates now and in the years to come.

My hope is that the learning experiences shared during this school term of 1966-67 will make for a long and prosperous life for each of you and your friends.

As the Gay Philosopher says--"It isn't what you learn, it's what you do with what you learn."
